

TECHNICAL INFORMATION

Catalog Number: 103003, 194748

Taurine

Structure:

Molecular Formula: C₂H₇NO₃S

Molecular Weight: 125.14

CAS # : 107-35-7

Synonym: 2-Aminoethanesulfonic acid

Physical Description: White crystalline powder

Description: Amino acid found in most animal tissues, but lacking in plants

Solubility: Soluble in water (50 mg/ml-clear, colorless solution)
